The Trend Index is a proprietary indicator that assigns a number to denote the direction and strength of the current trend. Interpret the indicator as follows:

The Trend Index is a proprietary indicator that assigns a number to denote the direction and strength of the current trend. Interpret the indicator as follows:

- 0 – sideways / range market
- 1 or -1 – uptrend / downtrend
- 2 or -2 – strong uptrend / strong downtrend
- 3 or -3 – extremely strong uptrend / extremely strong downtrend and **increased risk of reversal**

An example on the EURUSD daily is plotted below as an indicator and a paint function.
